

SISFLEX

Pigtails - Flexible Hoses - Swivel Connectors

[PDF FILE](#)

Description

- SISFLEX is a patented system constituted by articulated arms,
- SISFLEX is a relevant alternative to flexible hoses,
- SISFLEX is designed for mobile ramps as well as for filling bundles,
- Up to 420 bar filling.

Working Conditions

- Industrial gases : Oxygen, Hydrogen, Neutral and Rare gases, others on request.
- Medical gases : Oxygen, N2O, Medical air...
- Working pressure : up to 420 bar
- Working temperature : -40°C up to +80°C.

Technical Data

- Nominal diameter : ½ sch80 ou ¾ sch160
- Material : stainless steel 304 or 316L.

Connections

- Any type, according to the customer needs
